

## The Township of Sioux Narrows-Nestor Falls

**Community Newsletter  
August 2019 2nd Edition**

Members of the **Sioux Narrows -Nestor Falls Fire Department** will be performing **Pre Incident Planning** over the next couple months. This will likely take place on Tuesday Nights after 7pm, and will consist of visiting all various roads and properties within the municipality.

The object is for our members to gain knowledge of the landscape, road locations, water supply, locations, and any other information that may be overlooked or extremely important to know in the event of an actual emergency.

If you have a property that you would like to be specifically included in our planning, don't hesitate to contact me by email ([fire@snnf.ca](mailto:fire@snnf.ca)) or call/text (8072761155).

If you see a firetruck in your driveway without lights and sirens on, don't be alarmed, and feel free to come out and talk with the team members!
