Be Prepared in an Emergency

A grab-and-go bag is a small emergency kit that's easy to take with you, in case you need to leave right away. It's a good idea to make grab-and-go bags for your home, workplace and vehicle.

For a list of emergency evacuation items to build your bag, please visit:

On June 7th, 2023, leadership and staff from the Ojibways of Onigaming, Animakee Wa Zhing #37 and the Township of Sioux Narrows – Nestor Falls met to continue relationship building, discuss challenges, opportunities and working together toward a better future for our communities and residents.

We discussed common goals related to environmental stewardship, prosperity, physical and mental health and wellbeing, eliminating economic and social barriers, systemic racism, and promoting education related to understanding the use of inappropriate Anishininaabe (First Nation) symbols, sacred objects, pejorative references and titles, and perpetuating incorrect or hurtful accounts of historical events.

Land use planning, the importance of Indigenous First Nation traditional knowledge, including how it relates to environmental and species sustainability and continuity, partnering on cultural and capital projects, mental health and addictions, housing, trail projects, and business attraction were notable subjects.

It was agreed to continue to dialogue regarding leveraging our collective voices to agencies and senior levels of government, as well as sharing and building stories to reduce stigma, improving relationships and partnerships with First Nations, and gaining a better mutual understanding of our cultural differences and similarities.

We look forward to continuing to work together to build a more inclusive, understanding, welcoming and sustainable future for all.

THANK YOU!

The Township of Sioux Narrows—Nestor Falls and Sioux Narrows—Nestor Falls Fire Rescue Services thanks the Sioux Narrows—Nestor Falls **Men's Club** for their gracious donation of a camera for fire inspection and other department use. Your community support and generosity is incredible and very appreciated!

Turtle Portage Marine Railway Open

Retrofits are complete and the Turtle Portage marine railway system on Lake of the Woods is now open to the public. The site is safe and the boat transfer system is functional. Please be advised of the following. Some users may find the hand wheel challenging to operate. The contractor is exploring options to make it easier, and will return to make adjustments. Be mindful of your transducer when loading your boat onto the cart as it may come into contact with the cart bunks. **BOATS MUST BE TIED DOWN TO ALL FOUR CLEATS ON THE CART.** Failure to do so may allow boats to slide off the cart during transport.

SIOUX NARROWS NURSING STATION

Please call 807-226-1081 for appointments. Ambulance, Fire and Police—CALL 911.
