Guiding Legislation

The *Ontarians with Disabilities Act, 2001* (ODA) ensures that public organizations incorporate accessibility planning into their operations and facilities and document such actions within an accessibility plan. In 2005, a second piece of legislation, the *Accessibility for Ontarians with Disabilities Act* (AODA) was enacted to further qualify the ODA and serve as a framework for the establishment of accessibility standards in five areas: customer service, employment, transportation, information & communications, and the built environment. The standards support the principles of the AODA to ensure dignity, integration, independence and equal opportunity and each have specific timelines for implementation. Compliance with the AODA is required by both public and private sector organizations.

The ODA and AODA are in place for the purpose of ensuring that people with disabilities are not discriminated against. Implementation for both public and private sectors will be phased in over time to achieve the Provincial government objective of a fully-accessible province by 2025.

Customer Service – Ontario Regulation 429/07: This standard was the first under the AODA to become law. It ensures that people with disabilities can receive goods and services in a manner that takes into account one’s disability.

Integrated Accessibility Standards – Ontario Regulation 191/11: Three of the five accessibility standards comprise the recently enacted IASR. These standards will ensure accessibility in the areas of information & communications, employment and transportation. Development of accessibility implementation strategies is currently underway to reach compliance and provide for accessibility across the organization. The Township of Sioux Narrows – Nestor Falls Multi-Year Accessibility Plan identifies the implementation schedule and actions to be taken.

Accessibility Standards for the Built Environment: The Design of Public Spaces shall ensure that accessibility is included within all new construction and extensive renovations. Technical requirements pertain to recreational trails, beach access, outdoor public use seating areas, outdoor play spaces, exterior paths of travel, obtaining service and maintenance. Understanding a wide variety of barriers for persons with disabilities in the physical environment is essential to implementation of standards. In the event of service disruption to accessible parts of our public spaces, we will notify the public of the service disruption and alternatives available.

The Township of Sioux Narrows – Nestor Falls understands the importance of an accessible built environment that allows for independence and participation for persons with disabilities. As well, any construction or renovations to public facilities and spaces shall adhere to the Accessibility Design Guidelines.

Statement of Commitment

The Township of Sioux Narrows – Nestor Falls is committed to treating all individuals in a way that allows them to maintain their dignity and independence, as evidenced by our accessibility initiatives. We believe in integration and equal opportunity. We are committed to meeting the needs of individuals with disabilities in a timely manner, and will do so by preventing and removing barriers to accessibility and meeting accessibility requirements under the Accessibility for Ontarians with Disabilities Act, 2005 and its Regulations. We are committed to including people with disabilities in the development of our accessibility plan and will make status reports publicly available each year to highlight our achievements.

Multi-Year Accessibility Plan

The multi-year accessibility plan is a tool for the Township of Sioux Narrows – Nestor Falls to communicate its accessibility initiatives internally and to the public.

This plan will be reviewed at minimum annually.

The plan shall also be updated annually to include reporting on the status of goals and achievements. This plan/report is available online.

Copies will also be provided upon request in alternate format upon request.

The following targets and actions table outlines the completed and planned initiatives for the Township of Sioux Narrows – Nestor Falls.

Accessible Emergency Information

The Township of Sioux Narrows – Nestor Falls is committed to providing our residents, customers and clients with publicly available emergency information in an accessible way upon request. We will also provide employees with disabilities with individualized emergency response information when necessary. This is detailed in our Individualized Workplace Emergency Response Information for Employees who have Disabilities. This policy, and all policies, are available upon request in paper format, electronically or an alternate format.

Employment & Training

The Township of Sioux Narrows – Nestor Falls is committed to fair and accessible employment practices.

The Township of Sioux Narrows – Nestor Falls will provide training to employees, volunteers and other staff members on Ontario’s accessibility laws and on the Human Rights Code as it relates to people with disabilities. Training will be provided in a way that best suits the duties of employees, volunteers and other staff members.

The Township of Sioux Narrows – Nestor Falls will take the following steps to ensure employees are provided with the training needed to meet Ontario’s accessible laws by January 1, 2015.

- Employees will be trained and provided with the Township of Sioux Narrows – Nestor Falls’ Providing Goods & Services to People with Disabilities Customer Service Policy;
- Employees will be trained when changes are made to the accessibility policy as soon as practicable; and,
- New employees will be trained during Orientation on all plans and policies; and,
- Training resources available from www.accessforward.ca shall be provided to Council, the AODA Working Group and employees.

Information and Communications

The Township of Sioux Narrows – Nestor Falls is committed to meeting the communication needs of people with disabilities, and shall provide alternate means of communications as required. Any new websites developed shall conform to WCAG 2.0, Level A. We shall ensure that all feedback processes shall be accessible and will take measures to ensure that public information is accessible upon request.

Procurement

The Township of Sioux Narrows – Nestor Falls has established an AODA Procurement Policy pursuant to the requirements of the AODA and regulations, which incorporates accessibility criteria and features when procuring or acquiring goods, services or facilities, including any self-serve kiosks. This policy, and all policies, are available upon request in paper format, electronically or an alternate format. As is stated in the AODA Procurement Policy, if it is not possible and practical to do so, we will provide an explanation on request.

Section 1: Municipal Jurisdiction

Municipality: Township of Sioux Narrows - Nestor Falls

Address: P.O. Box 417
Sioux Narrows, Ontario
POX 1N0
807-226-5241 Phone
807-226-5712 Fax
www.snnf.ca

Key Contact: Chief Administrative Officer

Population: 667 (Canadian - only available statistic)

Households: 1214 (349 Residential, 865 Recreational)

Municipal Highlights

The Township of Sioux Narrows - Nestor Falls is a newly restructured municipality, made effective January 1, 2001, as a result of a Commissioner's Order. Our municipal boundaries encompass a very large geographic area, some 156,385 Hectares, ranging from Blindfold Lake in the North to Caliper Lake in the South. Among all else, our new municipality includes the former Township of Sioux Narrows and the small formerly unorganized community of Nestor Falls. Our statistical population is 667, but our household total is 1,214, evidently indicating the popularity of both seasonal and recreational residential use. This is due primarily to our proximity to Lake of the Woods, and a terrain rich with smaller lakes, rivers and wilderness. Our primary industry is tourism.

Our infrastructure is not unlike many small municipalities, including:

- 2 community halls (1 in Sioux Narrows and 1 in Nestor Falls);
- 1 Administration (Township) Office located in Sioux Narrows;
- 1 Part-Time Administration (Township) Office located in Nestor Falls;
- 1 Council Chambers located in Sioux Narrows;
- 1 Alternate Council Chambers located in Nestor Falls (at Administration Office);
- 1 Recreation Centre;
- 2 travel information Centres (1 in Sioux Narrows and 1 in Nestor Falls);
- 1 Seniors Centre located in Sioux Narrows;
- 1 Curling Club located in Sioux Narrows;
- 2 Fire Halls (1 in Sioux Narrows and 1 in Nestor Falls); and
- 2 Ambulance/Health Centre Buildings (1 in Sioux Narrows and 1 in Nestor Falls).

Section 1: Municipal Jurisdiction (cont.)

Our organizational structure is as follows:

Municipal Council:

Mayor	Jerry O’Leary
Councillor Ward 1	Suzanne Bouvier
Councillor Ward 2	Phil Hudson
Councillor	Gale Black
Councillor	Norbert Dufresne

Municipal Administrative Staff:

Chief Administrative Officer	Wanda Kabel
Treasurer	Maureen Hanson
Administrative Assistant	Roxanne McCabe
Planner	Jeff Port
Maintenance Manager	Mike Salvador
Chief Building Official	Cullen Robb
Municipal Fire Chief	Tyrell Griffith
Librarian	Alice Motlong

The municipality does not have a hospital. There are part-time outreach clinics held in Sioux Narrows in the Sioux Narrows Ambulance Building/Health Centre (Doctor, Dentist and Health Nurse visits).

The municipality does not administer Social Services, rather we are part of a District Social Services Board (Kenora District Services Board - KDSB). Additionally, KDSB administers our land ambulance service.

Police services are provided to the municipality via Contract with the Ontario Provincial Police. There is one local detachment office (un-staffed) located in Sioux Narrows.

The municipality does not have a transit service (public or private), nor is there a taxi-service operating in the municipality.

There are two public schools located in the municipality. The Sioux Narrows Public School is administered by the Keewatin-Patricia District School Board and the Nestor Falls Public School is administered by the Rainy River District School Board.

DISABILITY BARRIERS

People with disabilities face unnecessary barriers almost everywhere: at home, at work, at school, in parks, in recreational facilities, in the streets, in theatres, in stores and in restaurants - and even in municipalities.

A "barrier" means anything that prevents a person with a disability from fully participating in all aspects of society because of his or her disability, including a physical barrier, an architectural barrier, an informational or communications barrier, an attitudinal barrier, a technological barrier, a policy or a practice . Barriers prevent people with disabilities from going to school and to work.

Types of barriers:

Barrier Type	Example
Physical	A door knob that cannot be operated by an elderly person with limited upper-body mobility and strength
Architectural	A hallway or door that is too narrow for a wheelchair or scooter
Informational	Typefaces that are too small to be read by a person with low vision
Communicational	A professor who talks loudly when addressing a deaf student
Attitudinal	A recreational swimming program which discourages people with developmental disabilities from participating
Technological	Information on a municipal Web site, which cannot be accessed by a person who is blind who has reading software for a computer
Policy/Practice	A practice of announcing important messages over an intercom that people with hearing impairments cannot hear clearly

Appendix C

DISABILITY: THE AODA DEFINITION

The AODA draws on the broad definition for disability that appears in the Ontario Human Rights Code. "Disability" is:

any degree of physical disability, infirmity, malformation or disfigurement that is caused by bodily injury, birth defect or illness and, without limiting the generality of the foregoing, includes diabetes mellitus, epilepsy, a brain injury, any degree of paralysis, amputation, lack of physical co-ordination, blindness or visual impediment, deafness or hearing impediment, muteness or speech impediment, or physical reliance on a guide dog or other animal or on a wheelchair or other remedial appliance or device, a condition of mental impairment or a developmental disability, a learning disability, or a dysfunction in one or more of the processes involved in understanding or using symbols or spoken language, a mental disorder, or an injury or disability for which benefits were claimed or received under the insurance plan established under the Workplace Safety and Insurance Act, 1997.

For additional information on disability, types of disability and barriers see *Appendix A* of the "Guide to Accessibility Planning".
